

Presented by: Officer Steve Hiebert
Maplewood Police Traffic Unit
Date: 01/11/2012

BLUE ENFORCEMENT LIGHT

Goals

To make drivers aware of dangers at intersections

To promote safe driving practices

To reduce the number of crashes

The enforcement light enables police to observe violations and issue citations more effectively and more safely.

Judicial System

It is necessary to gain the confidence of your judicial system and make sure they understand the “downstream” concept of catching a red light violator.

rice st and roselawn ave maplewood mn

Benefits

-  Officer can monitor intersections from a safe downstream location
-  Safer for officer: no pursuit through intersection
-  Only requires one officer
-  Less staff time in court
-  Low Cost (\$250)
