Northeast Minnesota Toward Zero Deaths Regional Strategic Plan

Mission
To move northeast Minnesota toward zero deaths on our roads, using education, enforcement, engineering, and emergency medical and trauma services.

Goal 1 – Reduce TZD Fatality and Serious Injuries
To continuously decrease traffic-related fatalities and serious injuries in northeast Minnesota from the past 5-year averages (2014-2018) of 39 fatalities and 118 serious injuries. Note: New injury definitions were introduced in 2016 and may have contributed to a higher reported number of serious injuries.

Objectives
A. To continuously increase regional seatbelt use rates.

As of May 2019, the seat belt compliance rate in northeast Minnesota was 86.8 % (without Cook County reporting). As a region, our long-term goal is to achieve 100% usage rate. Our short-term goal is to see continuous increase in the usage rate each year.

B. To examine the characteristics of the unbelted fatalities and serious injuries. Calculation of seat belt use in fatal and serious crashes is possible with existing data.

C. To continuously decrease the following:

5-year averages (2014-2018) in Northeast Region - Baseline Data

Region Goal 2 – TZD Partnership Goals

To continuously increase TZD awareness and partnerships across northeast Minnesota for both the general public and traffic safety professionals

1. Establish the vision of TZD as a priority for all region, county, city (government agencies)
   A. Engage local government involvement in TZD steering committee and workshops
   B. Educate/promote traffic safety awareness of city and county officials
   C. Promote city and county employee education and policies that facilitate the TZD vision

   [Activities: recruitment of city and county citizens to attend TZD event, giving TZD presentations to boards and councils, mailings/connections to Network of Employers for Traffic Safety (NETS)]

2. Create and strengthen partnerships in the region
   A. Engage stakeholders
   B. Develop networking relationships
   C. Recruit membership of the TZD partnership

   (Activities: EMS Conference booth/presentation, regional workshop, web, calendar, statistics, workshop, orientation)

3. Promote and implement effective traffic safety initiatives in the region
   A. Develop and distribute resource materials
   B. Provide enforcement wave support in community
   C. Promote evidence-based countermeasures
   D. Collect data and statistics within region
   E. Implement best practices within region

   (Activities: web, brochure, 1-pagers, presentations, news advisories, workshop, seatbelt observational survey and omnibus survey, media messaging, media events and news releases re: activities woven into existing messages, worksite education and policy development, parent component to driver education, sober cab development, youth enforcement and education activities)
