MADD MINNESOTA Announces Statewide Recognition Award Winners

ST. PAUL, MN – On Monday, April 13, 2015 Mothers Against Drunk Driving (MADD) Minnesota recognized individuals and agencies across the state for their outstanding work in keeping our communities safe in 2014.

The goal of the recognition awards is to highlight people who, either in their work or in their daily lives, have embraced MADD’s mission to end drunk driving, help fight drugged driving, support the victims of these violent crimes, and prevent underage drinking.

Nominees and winners were honored at MADD’s 9th annual Statewide Recognition Awards ceremony and luncheon, held at the Science Museum of Minnesota and emceed by Rena Sarigianopoulos of KARE 11. During the ceremony, attendees heard from three victims/survivors of impaired driving crashes about their personal journeys. In addition, 75 members of law enforcement received MADD Minnesota’s Top Enforcer pins for achieving 25-150+ DWI arrests in 2014.

“The Merriam-Webster dictionary defines the word ‘hero’ as ‘a person who is admired for great or brave acts or fine qualities.’ And, it defines the word ‘friend’ as ‘a person who you like and enjoy being with; a person who helps or supports someone or something.’ To MADD Minnesota, all the nominees here today are our heroes and friends, whether it be in the area of drunk and drugged driving enforcement, criminal justice, underage drinking prevention, public safety, policy setting, victim services, media, or volunteerism,” said Jennifer Freeburg, MADD Minnesota’s State Executive Director.
