

**Toward Zero Deaths
Professional Development Hours (PDHs) Credit Statement for
Registrant Records**

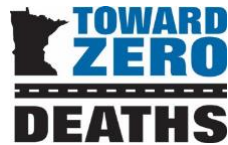

Many licensure and certification agencies require the demonstration of continuing professional competency. To the best of our knowledge, this meeting meets the continuing education requirements for Professional Development Hour (PDH) units. This form is for your use in maintaining a record of the hours that may qualify as PDHs by attending webinar(s) in this series. Complete this form and retain it.

We recommend that you save a pdf of the final powerpoint for your records should the licensure or certification agency request information from you. Reporting is done on an honor basis, and members are responsible for maintaining their own records. Please keep this completed form and the presentation PDF from the webinar you attended for your records.

The list below shows the professional development hours (PDHs) that can be earned for the continuing education activities included in the Center for Transportation Studies **Minnesota Toward Zero Deaths Webinar Series**, October 20, 2020 through November 19, 2020. Attendees should check the webinars attended in the column below. Please reach out to the Center for Transportation Studies with any questions or concerns.
