

Anoka County Toward Zero Deaths Coalition

We are a team of local residents, agencies, and organizations working together to prevent traffic crashes and save lives by:

- Promoting safe driving habits
- Supporting local traffic safety campaigns
- Partnering with schools and cities
- Sharing ideas and resources to reduce crashes

We need voices like yours!

Help make our roads safer for drivers, walkers, bikers, and kids.

Whether you're a parent, first responder, or just care about your community, you're welcome.

Meetings are casual, fun, and focused on action—no traffic expertise needed!

Join Us!
